PRECISION SCALE

With transparent
glass protector
Readout: 1 mg

Precision scale

Precision scale with transparent glass protector

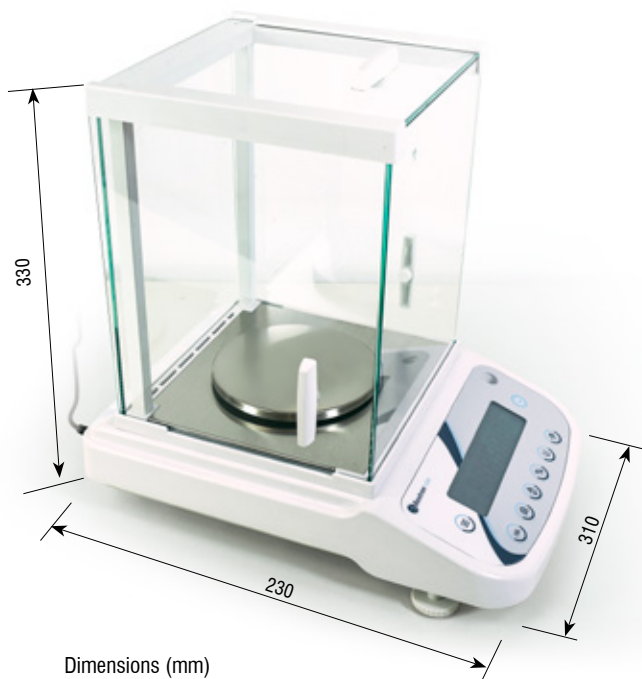

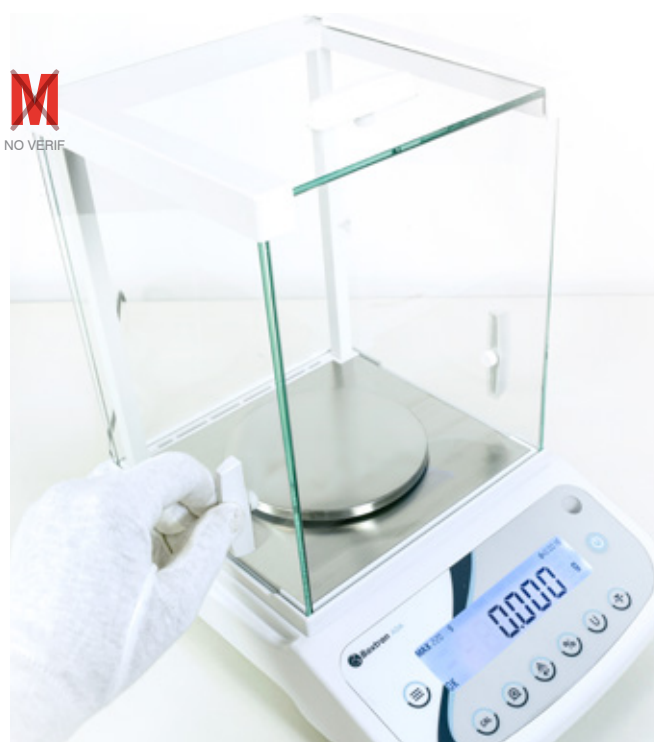

FEATURES:

- LCD backlight display, digits of 15 mm.
- External calibration.
- Stainless steel pan.
- Transparent glass protector.
- Weighing pan dimensions: 115 mm
- Scale with acoustic notification (buzzer).
- Multiple units of measure: gram, ounce, carat, pennyweight,
- RS232 output.
- Weighing system with load cell.

FUNCTIONS:

- Zero
- Tare
- Piece counting
- Determination of percentage
- Checkweigher

Precision scale	261361	261362	261363
Operating temperature	+10°C a +30°C		
Type of battery	No battery		
Power Supply	Power adapter 100-240AC 50/60Hz		
Type of cabin	Draft shield		
Under weighing	No		
Printer	External		
CE regulations	Yes		
Type of calibration	External	External	External
Auto calibration	No	No	No
Mass of calibration (g)	F1	F1	F1
Class	II	II	II
RS232	DB9 female		
Measures (mm)	230x310x330		
Net weight (kg)	4
